<b>Contract No.:</b> 1233-5/19	<b>Title:</b> Elevator Maintenance, Services and Modernization - Prequalification
--------------------------------	---

**Type of Change:**

- ☐ Additional Time  
☒ Additional Spending Authority  
☒ Authorization to use Charter County Transportation Surtax Funds as a Component of MDT Operating Funds

**Contract Description and Reason for Change:**

This prequalification pool contract provides elevator maintenance and modernization services for various County departments. It offers pricing for Emergency and Additional Services that is approximately 49% lower than pricing on the existing Elevator Maintenance Services contract (0058-2/14-1), for which Miami-Dade Transit is the sole participating department. The requested modification will transfer MDT's needs into this contract, thus allowing MDT to acquire services at more competitive pricing through May 31, 2015. In addition to the \$467,000 needed for maintenance and emergency services, MDT has also requested \$660,000 for necessary upcoming elevator renovations.

**Type of Change:**

- ☒ Additional Time

☒ Authorization to use Charter County Transportation Surtax Funds as a Component of MDT Operating Funds

**Contract Description and Reason for Change:**

Authorization is requested modify this pre-qualification pool contract for additional time and spending authority so various County departments can continue to purchase padlocks and other security hardware, including, but not limited to, parts, keys and key blanks. This pool offers the County a competitive advantage when purchasing these items. Market research shows the requirements, terms and conditions of the contract will not change if a replacement contract is issued, and it is anticipated that the same vendors will pre-qualify for a replacement solicitation. As such, it is in the best interest of the County to modify the existing pool for an additional five years to allow user departments to continue accessing this contract.

This pre-qualification pool contract will remain advertised on the County's procurement management services website to encourage additional participation, and staff will also notify other vendors enrolled in this commodity code that the pre-qualification pool is available to access. The value of the five-year modification is based on current and anticipated usage per department.

--------------------------------	---

**Type of Change:**

**Contract Description and Reason for Change:**

This contract provides for nuts and bolts inventory services for the Miami-Dade Transit. The vendor furnishes, delivers, replenishes, and maintains inventory for nuts, bolts, screws, and fasteners for several Miami-Dade Transit maintenance facilities. These items are used in the repair of bus, rail and mover vehicles by Miami-Dade Transit mechanics.

The initial contract allocation was based on estimated quantities, past usage, and projected usage. However, from the inception of the contract through December 2012, Miami-Dade Transit's monthly expenses have been significantly higher than originally anticipated due to ongoing repairs of the aging Miami-Dade Transit fleet. The remaining contract allocation will not be sufficient to cover these services through the contract expiration date. As such, this modification will ensure Miami-Dade Transit has the appropriate allocation through the end of the contract term to ensure uninterrupted supply of nuts and bolts.
